As a part	icipant in	Magee Secondary School's SPARTS program for the 2022-2023 year, I understand that:
Student Initial	Parent Initial	
		My acceptance into the program is for one year only and will be reviewed each semester to ensure that it continues to be a good match for me and my particular situation;
		I am expected to maintain above average grades and strong work habits , with no failing marks, unsatisfactory behavior or work habits, in all my Magee courses while in the SPARTS program;
		I must take four on-timetable courses at Magee to remain in Sparts, and I am not guaranteed more than four on-timetable courses.
		I must continue to devote at least 25 hours per school week to training and the development of my sport or art. If my training program should change due to injury or circumstances beyond my control and I am unable to fulfill this requirement, I will notify my counsellor and/or the SPARTS Coordinator to discuss my options;
		I will submit a copy of my training schedule and information about my competitions and tours to the SPARTS Coordinator to be kept in my SPARTS file;
		Magee will offer me a timetable that accommodates my training and competition/performance schedule. Due to the nature of attending school half-time, course selection is sometime limited, and I may not get all the electives I want at Magee.
		I am responsible for registering for VLN or other online courses to meet graduation requirements. Counselors are available for questions and support. **continued on next page**

Magee offers excellent learning supports to meet IEP accommodations through classroom teachers and the SDC program, however, students' ability to access some supports will be limited by their half-time Sparts schedule. I will inform all my teachers and counsellor, and complete a SPARTS Absence Form we I will be absent due to tours, competitions, performances, etc. In addition, I will submit form well in advance of these scheduled dates to the SPARTS administrator; Magee teachers will offer me some flexibility with dates and deadlines for work I will me while away from school on SPART-related activities. It is my responsibility to collect assignments, meet deadlines and take tests/quizzes according to the schedule provided the teacher. (inclusion in SPARTS is not an excuse not to do my school work); Teachers are not expected to accommodate long absences due to competition, training performances. If the length of my absences interferes with my ability to meet the learning objectives of the course, I should take the course through VLN, summer school, or othe education provider. The length of absences that teachers can accommodate varies depending on the course, so it is my responsibility to inform the teacher of my planned absences during the first week of class.
